

Executive Summary For Busy People Like You

Environments for Humans is proud to present the Summit Series of Virtual Conferences. We bring together expert speakers on a given topic and spend the entire day exploring that topic from different angles. Being able to watch it live online saves the time and money you would spend on attending a traditional conference! Each Summit is chock-full of focused, current content that is highly relevant to today's designers and developers. We are pleased to announce the first in the Series:

Who is The CSS Summit For?

Ideal for any designer or programmer with with some CSS experience. Deepen your skillset and overcome more challenging style sheet dilemmas.

Every Web designer faces challenges in their everyday workflow. Working with CSS (Cascading Style Sheets) can be daunting, but clean, optimized code is the foundation of any well-designed, findable, accessible site. We created the Summit Series to bring some of the Rockstars of the Web Design Industry together to tackle one subject, in depth, at a time. **The CSS Summit** is ideal for any designer or programmer with with some CSS experience, looking to either develop their skillset a little more or overcome the more challenging issues faced when coding intermediate and advanced style sheets.

And since the **The CSS Summit** is all online, you get the chance to benefit from the knowledge, skill and insight of our speakers without having to deal with the bother and expense of travel. Join us online July 18 for **The CSS Summit!**

A Virtual Conference

Holding **The CSS Summit** online enables us to bring some of the most knowledgeable CSS gurus together, but what if you've never seen an online presentation before?

We'll send the login info about 24 hours before the conference begins. After logging in,

you will be able to view the presentations, chat with other attendees, and ask questions.

Come and go as you please throughout the day, and there will be short breaks between each presentation in addition to a mid-day lunch break.

The Bottom Line

You won't find this much breadth of content on CSS at this price anywhere else!

ONLY \$179 FOR AN INDIVIDUAL TICKET / OR \$479 FOR A MEETING ROOM

Don't miss out—**Register now!**
Ticket Sales end July 17.
